

2 Hands control device

Comply with international and European standards ISO 13851 TYPE III C · Get approved and certificate from well-known notified body. In addition to reducing the internal wiring complexity, the two hands device can always reduce accident in operation.

Feature

- Power Supply DC 24V
- Simplified complexity through the module device
- With external device monitoring function
- Comply with ISO13851 TYPE III C standard

General Specification

Model No.	TW-2HC		TW-2HC-N	
Power supply	DC 24V			
Input contact format	1A1B	2A	1A1B	2A
External signal monitor	PNP*2		No	
Power consumption	DC 200 mA (MAX)			
Output Contact	2A1B			
External Monitoring	Circuit contact			
Responce Time	20msec (Not included relay response)			
Contact closing time	≤ 30msec			
Contacts release time	≤ 30msec			
Life of safety relay	More than 10 ⁷ operation (No load)			
Operation temperature	0°C to+50°C			
IP rating	IP40		IP20	
Safety Standard	ISO 13851 TYPE III C ; EN 574 TYPE III C ; ISO 13849-1(PL e) ; IEC 62061 SIL3			
Dimensions	70mm*58mm*90mm		22.7mm*99.7mm*114.7mm	

TW-2HC

TW-2HC-N
